To Whom It May Concern

This is to confirm that Maria Madureira participated in professional internship at Therasuit LLC model intensive therapy clinic, Pediatric Fitness Center.

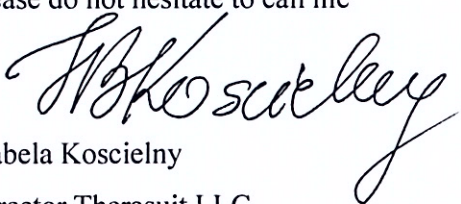

She performed her duties at Therasuit LLC as a Physical Therapist from February 10 – August 8, 2014. Maria was responsible for direct patient care and treatment, documentation, communication with parents/physicians and other medical practitioners.

Maria Madureira is an excellent skilled and knowledgeable pediatric therapist with great communication skills. She was able properly evaluate patients, prepare treatment plan and apply Therasuit Method and intensive exercise program during her course of work with patient affected with neuro-muscular disorders.

She worked with variety of patients including the following diagnosis: cerebral palsy, neurodevelopmental delay, spina bifida, hypo/hypertonia and other muscular and genetic syndromes.

In addition, she is extremely organized, reliable and computer literate. She can work independently and is able to follow through to ensure that the job gets done. She is flexible and willing to work on any project that is assigned to her. Maria was quick to volunteer to assist in other areas of company operations, as well.

Maria Madureira would be a tremendous asset for any physical therapy clinic or hospital and has my highest recommendation. If you have any further questions with regard to her qualifications, please do not hesitate to call me
